Kahoot!'s history

Kahoot! was founded in 2012 by Morten Versvik, Johan Brand, and Jamie Brooker who, in a joint project with the Norwegian University of Science and Technology (NTNU), teamed up with Professor Alf Inge Wang, and were later joined by entrepreneur Åsmund Furuseth.

The technology is based on research conducted by Kahoot! co-founder Morten Versvik, a student of Professor Wang's at the time, for his Master's degree at NTNU.
