Clever Introduction

MAY 2021

96 of 100

The Problem: The More Edtech a School Used, the Bigger the Mess it Became

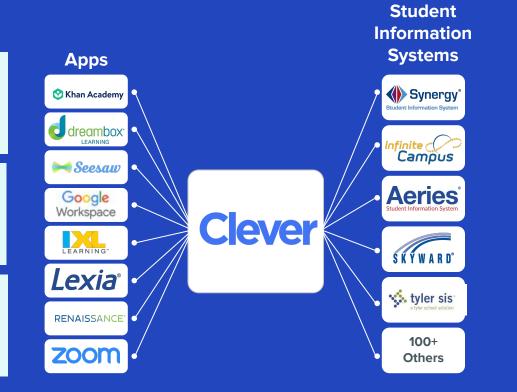

Schools spend \$13B/year on edtech and 70% of paid licenses are never even used once

Clever's APIs Make it Possible for Schools to Securely Integrate their Learning Software

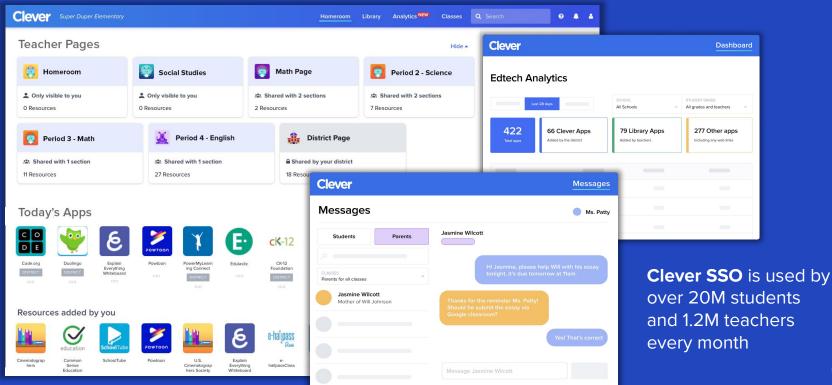

The Clever API is the central hub between Apps and school databases

Helps schools securely connect with their preferred App providers

REST API relied on by 600+ Apps for identity and provisioning

On the Front End, Clever's Portal Has Become the Home Page for Student Learning

Clever's B2B App Customers Help Make Clever Free to School Districts

App Developers (Clever is paid by 400+ top apps)

Clever

(477K+ School/App Connections)

Clever is 100% free to schools

App Developers pay to be integrated and deployed into Clever's network of schools

Clever charges

App Developers a per-school rate based on how many schools the App connects to

Schools

(89K+ schools, 9K+ districts)

Including 96 of the largest 100 school districts in the U.S.

Our Brand Strength and Awareness is Unique
